CV

Laiba Ikram

Software Engineer | Semester 7 Student

Objective

As a dedicated and forward-thinking software engineer currently pursuing my studies in Semester 7, I am deeply passionate about leveraging technology to create innovative solutions. With a strong foundation in programming, problem-solving, and a proven track record of delivering high-quality software, I am eager to contribute my skills to challenging projects and further expand my knowledge in the field.

Education:

Sukkur IBA University, Sukkur, Sindh

Bachelor of Science in Software Engineering (Expected Graduation: March, 2024)

Technical Proficiencies:

Programming Languages: Java, C++, C#,

Web Development: HTML, CSS, JavaScript, React, Tailwind CSS

Databases: SQL, Oracle, MongoDB

Software Development Tools: IntelliJ IDEA, Visual Studio Code, Jira, NetBeans

Projects:

Online E-Commerce Platform

Developed a full-stack e-commerce platform using React for the front end and Node.js with Express for the back end.

Algorithm Visualizer

Created a web application that visualizes sorting and searching algorithms in real-time using HTML, CSS, and JavaScript. Helped users understand the core concepts of algorithms.

Online Voting System

I developed a voting system website for convenient and fraud free voting from diverse areas.

Key Skills:

- Strong problem-solving skills, demonstrated through successful completion of complex coding assignments and projects.
- Solid understanding of data structures and algorithms, enabling efficient and optimized code design.

- Proven experience in front-end and back-end web development, with a focus on creating responsive and user-friendly interfaces.
- Collaborative team player with excellent communication skills, adept at working in crossfunctional teams to achieve project goals.

With a strong academic foundation and a passion for continuous learning, I am excited to take on new challenges in software engineering. I am actively seeking opportunities to contribute to dynamic projects, collaborate with fellow professionals, and further refine my skills in the ever-evolving world of technology.
